The TechnoEye is a quarterly publication of TESDA Regional Training Center -Korea Philippines Vocational Training Center, Davao with editorial office located at Buhisan, Tibungco Davao City, Philippines

VISION

The premier Institute of Technology, Research and Development with appropriate incubation producing future Techno and Agri-preneurs, trainers and worker – leaders

MISSION

The premier Institute of Technology, Research and Development and provision of quality technical education and skills development programs anchored on the requirements of the industry and local communities through collaboration, relevant research and development, and extension services in pursuit of poverty reduction.

TESDA WAY

*All united we answer the TESDA call
We raise the TESDA Banner High
With our partners,
We serve ever proud and tall
From day to day we strive
To address the needs of our labour force
Provide the skills that open doors
Excellence and world classwork
Access to success for everyone
Put the power of information
To the hands that build the nation
Doing in the TESDA way
Rain or shine we keep alive our hopes and
dreams
Of workers throughout this land
Doing the best that we committed we make
our stand
Truly dedicated to task at hand
Put the power of information
Proper values and education
To hands that build the nation
Doing in the TESDA way
To the hands that build the nation
Doing in the TESDA way
More power to the TESDA way
Long live Tesda Way*

The Zamboanga Peninsula Polytechnic State University (ZPPSU) Office of the Vice President for Academic Affairs (VPAA) recognized trainers of RTC-KorPhil, Davao during their visit at the Training Center yesterday, July 13, 2022.

ZPPSU Recognizes RTC-KorPhil, Davao Trainers And Staff

News/Events / By Joie Dagohoy

A short program was held at RTC-KorPhil, Davao Mezzanine to recognize the Training Center's efforts of providing skills training and accommodations to the fifteen (15) ZPPSU faculty and personnel. This was participated by the Center Administrator, Engr. Constantino B. Panes, Jr., Ed. D as well as the Head Trainers and select experts of RTC-KorPhil, Davao for the various qualifications involved in the ZPPSU training immersion.

As for the ZPPSU, the Vice President for Research and Extension, VP Bonnie Andabon, Ph.D graced the event. Together with him were Dir. Revelino Sanchez, Director for the Department of Technical Education and Mr. Rolando Malalay, Dean of the College of Teacher and Education.

Engr. Panes thanked ZPPSU for choosing RTC-KorPhil, Davao as their partner Training Institution to provide these skills training, specifically on Machining which was facilitated by Engr. Robert K. Arnaez, Motorcycle/Small Engine Servicing which was facilitated by Mr. Romulo M. Nisnisan, Construction Painting which was facilitated by Mr. Alexander O. Dagohoy, Tile Setting which was trained by Mr. Edison C. Tasic, Plumbing which was facilitated by Arch. Janice S. Nadera, Mechatronics which was trained by Mr. Rhian Dhae B. Sarsaba, and Transport RAC which was trained by Mr. Eugene R. Valdez.

On the other hand, ZPPSU responded through VP Andabon wherein he expressed gratitude to the trainers of RTC in transmitting the competencies needed by the faculty of ZPPSU and for providing free training to their personnel.

VP Andabon also hoped for continued partnership with RTC KorPhil, Davao. He concluded that this ZPPSU immersion aimed to improve the quality of education that is being delivered to the people of Zamboanga especially at the community level. After which, plaques and certificates were given to the above-mentioned trainers and staff who were involved all throughout the duration of the ZPPSU stay at the Training Center.

Another set of ZPPSU personnel are expected to be trained this August 2022 on the area of hotel and restaurant services.

RTC-KorPhil Davao Undergo An Online Validation Of Seal Of Integrity For Assessment Centers

Identified guests from KOICA were Assistant Country Director Lee Ahrum, Senior Program Manager Kim Suyoung, Construction Manager Lee Deuk Seong, and Program Office Leny Amparo.

Another meeting with KOICA and the personnel of RTC-KPVTC Davao, led by Center Administrator Engr. Constantino B. Panes, Jr. Ed.D with TESDA XI FASD Chief Liza P. Panuela and ROD Chief Myrna C. Roa, was held on September 16 to discuss the KOICA Phase 3 Project, which will be finished in three to four years from now.

News/Events / By Alanah Tamarah Millan

News/Events / By Mary Grace Pelayo

To receive the TESDA Seal of Integrity for Assessment Centers, the Regional Training Center – Korea-Philippines Vocational Training Center (RTC-KPVTC) Davao took an online validation on July 14, 2022, using the video conferencing app Google Meet with the external validators namely, Teresa Ang, Nel Llovido, and Marge Mendenilla.

The said event started with an orientation, followed by a virtual tour, an interview with the AC Quality Team, and a presentation of the external validators' recommendations.

During the virtual tour, the external validators thoroughly inspected the pieces of evidence to ensure that RTC-KPVTC Davao adheres to the operating guidelines and quality management principles in carrying out the assessments mandated by TESDA.

KOICA Conducts Site Inspection & Meeting At RTC-KPVTC Davao For Phase 2 Post-Management Project

On September 15 and 16, 2022, representatives of the Korean International Cooperation Agency (KOICA) visited the Regional Training Center – Korea-Philippines Vocational Training Center (RTC-KPVTC) Davao to conduct a site inspection for the post-management project of Phase 2 building (incubation area).

Before the site inspection on September 15, representatives of KOICA met briefly with RTC-KPVTC Davao staff members, Acting Regional Director of TESDA XI Reme-gias G. Timonio, Ed.D, CEO VI, and Davao City/Sur Provincial Director Adonis F. Culas to review and address any concerns about the Phase 2 Post Management Project Proposal, Budget, Fund Transfer, and Procurement Process.

RTC-KorPhil Davao Conducts MYPA 2022 Cum Teambuilding

News/Events / By Alanah Tamarah Millan

Last July 28-29, 2022, the Regional Training Center-Korea Philippines Vocational Training Center (RTC-KorPhil) Davao held their Mid-Year Performance Assessment (MYPA) 2022 cum Teambuilding at Langoyon Beach Resort, Brgy. Baculin, Baganga, Davao Oriental.

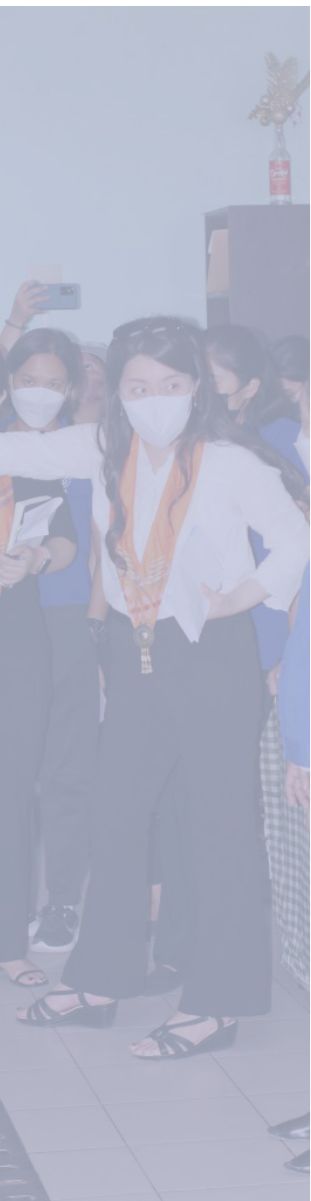

The purpose of this two-day event was to showcase the successes of each training center division from January to June 2022. Trainings, scholarship programs, and other significant topics were displayed.

Upon arrival at the Municipality of Baganga, the RTC-KorPhil Davao personnels and Center Administrator Engr. Constantino B. Panes Jr. visited the municipal mayor's office of Hon. Ronald V. Lara. They discussed important matters that would benefit the residents of Baganga (e.g., scholarship programs and community trainings).

Also, RTC-KorPhil Davao employees carried out several activities (e.g., volleyball) at Langoyon Beach Resort to ensure that they would achieve the goal of teambuilding and strengthen and deepen the bond between each employee.

In addition to the success of this event, TESDA and the Municipality of Baganga had opened doors of opportunities for developing future Techno and Agri-preneurs, trainers, and workers.

RTC-KorPhil Davao Conducts MYPA 2022 Cum Teambuilding

2022 TEAMBUILDING GALLERY

Site Inspection And Coordination Meeting Of NITESD Dir. David B. Bungallon

In line with promoting curriculum innovation, the crucial role of 21st century TVET Trainer in relation to Educational Technology, STEMified TVET, project-based learning and institutional assessment and facilities development bridging quality TVET, the TESDA Central Office, represented by Executive Director David B. Bungallon, NITESD, visited the Regional Training Center-Korea Philippines Vocational Training Center, Davao's ongoing construction of the Training Center's Innovation Center last Monday, September 5, 2022.

In terms of topographic location, the construction site of the Proposed Innovation Center Building is located at the lowest elevation within the TESDA Compound. Its natural ground line is situated at -2.50 meters from the existing Road level, the National Highway, based on a topographic survey conducted. With the site location being at the lowest elevation, the center has man made ponds in this area, where the rainwater is being collected during the rainy season.

Base on the given construction plans for the Innovation Center, the following problems may arise:

News/Events / By Dina Catantan

1. Flood, especially during the rainy season.
2. Backflow of the drainage system, to and from the street / main sewer, since the public sewer is at ±2.0 meters elevated from the Proposed Innovation Center Building finished floor line.
3. If the public sewer is full during heavy rain, possible overflowing of water will backflow at the Innovation center.
4. The expected architect's façade or front view will be unachievable.
5. In addition, there is a proposal of KOICA Phase 3, to be constructed beside the Proposed Innovation Center Building which will be situated at a higher elevation. This will contribute to a more flood risk area, to the Innovation Center Building, due to runoff flow.

TESDA XI Supports PCA XI In Launching Dev't Plan To Help The Coconut Farmers In Davao Region

News/Events / By Jeric Bilita

As the Philippine Coconut Authority XI launched its Coconut Farmers and Industry Development Plan (CFIDP), TESDA XI showed support during the Coconut Day Celebration on August 24, 2022 at the PCA Regional Office open ground, Bago Oshiro, Tugbok District, Davao City.

The launching of the CFIDP and celebration of the Coconut Day have gathered various partners in the coconut industry which include DTI, DA-ATI, CDA, PhilHealth, PCIC, CHED, TESDA, DA-PhilMech, and Landbank to bring their services to the coconut farmers, processors and traders.

The activity aimed to inform all the sectors in the coconut industry in the roll-out of the programs and projects under the CFIDP which will benefit the coconut farmers and farmworkers.

Various activities also were undertaken like Trade exhibit of the 14 processors, booth display of the co-implementing agencies, B2B in coordination with DTI and distribution of cacao seedlings, vegetable seeds 8-in-1 pack, coconut seedlings and policy of PCIC insurance coverage.

For TESDA XI, the combined forces of RTC-KorPhil Davao, TESDA-WNAS and TESDA-PTC Davao showcased the programs and services of the Agency such as provision of skill training that could help the coconut farmers.

RTC-KorPhil Davao Takes Part In An Online Validation For STAR Level Award

News/Events / By Alannah Tamarah Millan

On August 2, 2022, the Regional Training Center – Korea-Philippines Vocational Training Center participated in the online STAR Rating validation conducted by external validators and the national board of judges using the video conferencing tool Google Meet.

The external validators carefully examined the pieces of evidence throughout the validation period to determine whether RTC-KPVT Davao met the requirements outlined in Program Registration under the Unified TVET Program Registration and Accreditation System (UTPRAS). They also pose certain inquiries in an effort to confirm the accuracy of the data in the submitted documents.

RTC-KPVT Davao submitted all the necessary paperwork to the TESDA XI Regional Office on May 20, 2022, in advance of the aforementioned validation. The materials submitted for Driving NC II qualification were then verified by the STAR Rating Regional Committee (SRRC). They want to confirm that the documents are accurate and meet the requirements of the STAR Program. Conferment of STAR Awardees will take place this August during the TESDA Anniversary Week on the 5th National Quality TVET Forum.

100% Assessment Passing Rate Of DepEd Region XI Selected TM-1 Candidates Trained By RTC-KorPhil Davao's TM-1 Team

RTC-KorPhil Davao Conducts TIP Program For Diploma Program New Entrants

News/Events / By Mariethyl Wagas

On August 8 and 9, 2022, the Regional Training Center-Korea-Philippines Vocational Training Center Davao held its Training Induction Program for the New Scholars Under the Diploma Program at the RTC-KPVTC Davao Mini-theatre. Students from the nine trade areas, including the Diploma in Agricultural and Biosystems Engineering Technology (DABET), the Diploma in Automotive Technology (DAT), the Diploma in Civil Engineering Technology (DCET), the Diploma in Heating, Ventilating, Airconditioning/Refrigeration Technology (DHVACT),

the Diploma in Hotel and Restaurant Technology (DHRT), the Diploma in Industrial Automation and Mechatronics Technology (DIAMT), the Diploma in Information Technology, the Diploma in Mechanical Engineering Technology specializing in Machining (DMET-M), and the Diploma in Mechanical Engineering Technology specializing in Welding (DMET-W), were in attendance at the event. The discussion included essential subjects including scholarship programs, the official website and learning management system (LMS), and center services and facilities. The purpose of this training induction program is to educate the students about the value of a training program in terms of opportunities and job-relevant skills.

News/Events / By Mario "Yong" Dela Cerna

An exulting news of 100% passing rate of the TM 1 candidates during their assessment last August 13 – 16, 2022 rang to the excited ears of DepEd Region XI officials and to the TM 1 Team of RTC-KorPhil Davao who trained the selected DepEd teachers from Davao Region.

The TM 1 training requested by DepEd XI Regional Office to be facilitated by the RTC-KorPhil Davao's TM 1 team dubbed as Trainers Methodology 1 (TM1) Training and Assessment for SHS TVL Teachers of Region XI started on July 11, 2022 and culminated on August 10, 2022. The said training was done through a Flexible Learning Delivery (FLD) mode. The opening program was conducted in Ritz Hotel where the DepEd Regional Director, Dr. Allan G. Farnazo, CESO IV graced the training with Dr. Maria Ines C. Asuncion, CESO V (Asst. Regional Director), Dr. Leila P. Areola (Director V, Bureau of Learning Delivery), Dr. Rosalina J. Villaneza (Chief Teaching & Learning Division), Mary Jeanne B. Aldeguer, Ed.D. (Chief Education Program Supervisor-CLMD) and Pedelina O. Huevos (Education Program Supervisor-CLMD) overseeing the training for the participants and accommodating the Center's TM 1 team headed by Ms. Marilou Coloma, MVE. On the part of TESDA, in lieu of Engr. Lorenzo G. Macapili, DTE (TESDA XI Regional Director), Engr. Constantino B. Panes, Jr. Ed.D. (RTC-KorPhil Davao Center Administrator) expressed the openness of TESDA in collaborating with DepEd in empowering SHS TVL Teachers to heighten their capabilities in teaching Tech-Voc in their respective Senior High School institutions making their graduates more prepared in enrolling in TESDA especially in the 3-Year Diploma courses.

The Center's TM 1 Team is composed of:

For Plan Training Session -

Ms. Marilou Coloma, MVE,
Ms. Maribel Tero,
Ms. Theresa Rozaldo,
and
Mikko Rosell

For Utilize Electronic Multimedia in Facilitating Training -

Mr. Mario dela Cerna, MTE
and
Mr. Jonathan Lopez

For Maintain Training Facilities -

Mr. Joseph Junio,
Mr. Armando Bolivar
and
Mr. Robert Arnaez

For Supervised Work-Based Learning -

Ms. Maribel Tero,
Ms. Theresa Rozaldo
and
Mr. Robert Arnaez

For Facilitate Training Session -

Ms. Marilou Coloma, MVE,
Mr. Eugene Valdez
and
Mr. Mikko Rosell

For Conduct Competency Assessment-

Ms. Marilou Coloma, MVE,
Mr. Rhian Dae Sarsaba
and
Ms. Maribel Tero.

The arrangement of this TM 1 FLD training was: July 11-20 Face-to-Face, July 21 to August 2, 2022 online (asynchronous with Center's online LMS and synchronous for Zoom/Google Meet sessions), on August 3-12 back to Face-to-Face (at Ritz Hotel).

RTC-KPVTC DAVAO Conducts Campus Cleanup Drive

News/Events / By Jay Mark Nuevo

In preparation for the opening of the new semester of RTC-KPVTC Davao's diploma programs, the trainees worked together to clean and organize the campus facilities in a Campus Cleanup Drive, this August 11-12, 2022. As the restrictions for COVID-19 eases up, face-to-face classes are expected to be conducted by the institution. A clean campus is a conducive campus for learning.

All of the long-term/diploma students had the responsibility of organizing and cleaning the campus's classrooms, buildings, common areas, and workshops, as well as their own trade areas.

TESDA MIMAROPA (Region 4B) Visits RTC-KPVTC Davao For Benchmarking

News/Events / By Joie Dagohoy

The Regional Training Center – Korea-Philippines Vocational Training Center (RTC-KPVTC) in Davao City welcomed the delegates from TESDA Region IVB (MIMAROPA) at the Mezzanine of RTC-KPVTC Davao last August 2, 2022.

The delegates, headed by their OIC-Regional Director Rosalina Reyes, arrived in the training center to conduct a benchmarking visit for the long-term programs offered by the institution. The Center Administrator, Engr. Constantino B. Panes, Jr., welcomed the visitors in a short program. It was then followed by a tour around the campus to visit all the school's trade areas.

The visitors first visited the Organic Farm of RTC-KPVTC Davao, since majority of the training programs back in MIMAROPA involves agriculture. They then visited the buildings of Electrical Installation and Maintenance, Civil Engineering Technology, Mechatronics Laboratory, Welding Technology, Agricultural Technology, Automotive Technology, Mechanical Engineering Technology, Hotel and Restaurant Technology, and Information Technology.

Afterwards, an open forum catering questions and answers about the implementation of diploma programs followed. They will be using the acquired

knowledge and inputs to build their own training facilities in their respective provinces in MIMAROPA (Mindoro-Marinduque-Romblon-Palawan).

TESDA Region XII, Industry Partner Visit RTC-KPVTC Davao For Benchmarking

News/Events / By Joie Dagahoy

The Regional Training Center – Korea-Philippines Vocational Training Center (RTC-KPVTC) in Davao City welcomed the delegates from TESDA Region XII and their Industry Partner, Renn and Rell Fishing Corporation (RRFC), at the Mezzanine of RTC-KPVTC Davao last August 10, 2022.

The delegates, headed by TESDA XII Regional Director Rafael Y. Abrogar, and RRFC President/CEO Mrs. Marivet Caballero, arrived in the training center to conduct a benchmarking visit for the programs offered by the institution. The Center Administrator, Engr. Constantino B. Panes, Jr., welcomed the visitors in a short program. RRFC also introduced their business and what they can

The program was then followed by a tour around the campus to visit all the school's trade areas. One area of focus of their tour was on the Industrial Automation and Mechatronics Technology (IAMT) laboratory, which was catered by trainers Engr. Constantino B. Panes, Jr. and Ms. Kimberly R. Almario. Aside from being a fishing company, RRFC processes their fish products using automation technologies, in which IAMT is a fit course. Other trade areas were also visited briefly to see the machineries and equipment used in the classes of RTC-KPVTC Davao. They also intend to put up a training center to train their employees and their families on the technologies related to their industry.
